CAMS

Cargill AgHorizons Marketing Services (CAMS) is the ideal place to go for professional help in managing your grain marketing:

- Access to the global resources of Cargill personal service
- Customized marketing recommendations
- Market Planning
- Action Tracking
- Freedom to deliver your grain to your chosen location

GRAIN

TRADITIONAL GRAIN PRODUCTS:

- Cargill offers a wide variety of grain contracts for any grain operation. Choose contracts based on your desired level of control, your risk tolerance and performance factors that best help you prosper.

What is Certified SolutionPro?

We want you to have confidence in the people at Cargill. You work hard and deserve someone who will work hard for you. Someone with product knowledge and an understanding of what makes grain producers successful. You deserve a Certified SolutionPro.

Cargill Certified SolutionPros demonstrate a comprehensive knowledge of the products and services available at Cargill. They have trained and are tested to earn certifications in all of the solutions they present. As our product line continues to grow, our Certified SolutionPros will educate themselves and gain new certifications to better serve you.

The world of grain production continues to evolve. You can trust your Certified SolutionPro to help guide you along the way.

Certified SolutionPro Pledge

As the Cargill AgHorizons product line grows, I will continue to train and earn new certifications. I will never present or suggest a product solution I am not certified to sell. This is my promise.
