Retaining 1/2 Semen Interest and Semen Sales. Here is your chance to buy a maternal brother to KW Roy Rogers 5604, the Champion and High Selling Red Angus bull at the 2006 NCC. He went on to be a three time National Champion, winning Louisville, Denver and Fort Worth. He is extremely long spined and full of red meat. It will be hard to find another bull with his balance and performance that still fits in an industry changing package.

Here is the best son to date of the muscle machine PIE Redmond. The words that best describe him are muscle, length and depth. If you are looking for a true herd bull back by a proven cow family, pay attention here. His dam has a powerful MPPA of 107 and is the daughter of the proven donor Lakina 6A from the Boot Jack herd in MT. 70U traces back many times to the great female producers of the breed Glacier Logan, Rambler 5162, Rambo 502 and Centennial 800.

 Mr Universe is sired by West Fork's Gold Robber son, that was purchased at the Classic in 2007. He is a deep ribbed, square hipped bull out of my best cow. I think he is going to be better than his sire.

 710 was AI bred to Kim's high selling bull from last year on August 8. This was our pick of Kim Siebert's heifers last year. Since it was Kyle's last year to show, he allowed us to partner on her and he showed her. She was the Reserve Champion Heifer at the State Fair this year. Buy her with confidence that she will go home and make more champions for you.

 733T was AI bred to LCC Cheyenne B211L on May 23 and pasture exposed to BCRR Optima 797T from June to July. She's fancy made and comes from a great cow family for production. Her dam has an MPPA of 1064 and has a really nice udder. 733T scanned an IMF of 4.19 to ratio 108 and had a REA ratio of 99. Latch onto this one!

**22 Bred** **Brandyberry & S Diamond Cattle**

Retaining 1/2 Embryo Interest. 804U's twin sold in our 'Red Legends' Sale in Oct. This one offers the same potential as her sister. Both heifers were raised by their dam, who in total, weaned off 1086 pounds as a first calf heifer. Uncommitted's sire was the 2007 High Selling Bull for the Brown Family in TX. This heifer has a lot to offer from a donor stand point.

<b>24</b>	<b>Heifer</b>	<b>Sandbur Ridge Red Angus</b>

Here's a multi-dimensional heifer. She's fancy, deep, thick and correct. She'll make a great show heifer and then go on to make a great cow. Her sire was the high indexing bull in the 2005 Red Alliance test and her granddam was a division winner in Denver. Her dam was a top seller in the Mile High Classic to ForeFront at \$4,900. This is one to grab a hold of!
